Sunbelt XXXI
St. Pete Beach, FL
2011

Dear Colleague,

Welcome to Sunbelt XXXI International Social Network Conference! Your registration package consists of this printed program, a name tag, tickets for the banquet and/or workshops if you registered for them, and on the USB stick, a file with full abstracts. A guide to the area is available from the hotel. **Please review this program carefully as it contains some last minute changes. Any further changes will be posted as necessary at the registration desk.**

There are some "Sunbelt" traditions of which you should be aware.

- Papers are to stop and start at the intended times as persons often session hop to catch papers of interest and, by the way, it is okay to session hop yourself.
- If you are presenting, please load your presentation on the dedicated laptop connected to the projector before the session starts. If you need your own laptop, connecting it will eat into your presentation time.
- Session chairs have been appointed by selecting the presenting author from the last paper in the session under the assumption that he or she will have an incentive to keep other session presenters on time. If the designated chair is not present, those presenting should select one of their own to keep time.
- Lunch time is long enough so you can take a swim, go wind surfing, or do other sunbelty things.
- There is a hospitality suite Wednesday through Saturday evening from 9pm to 12am. We ask that you cooperate with our student assistants managing the suite so it can close up at 12am.

If you have questions about the conference, seek out the organizers or their assistants. We may be able to help. We are glad you are here and hope your experience is enjoyable and intellectually valuable.
